## **Design It Yourself ( DIY) Flowers**

This option is great for the thrifty or creative couple. Design your own centerpieces, ceremony, and/or personal flowers with friends or family a day or two before the wedding. We can also do a combination of DIY buckets and full service design if you prefer us to design the trickier things like bridal bouquets and boutonnieres and order buckets for the easier arrangements. If going this route, please specify which items ( above) you would like buckets for and which you'd like us to design.
